MY UNCLE'S LOST PHOTOS

A game by Sascha Reinhold based on an idea by Jens Bahr created for the Global Game Jam Online 2021.

YOUR TASK

Somehow my uncle cannot find his photo collection anymore. He is so sad, especially because of all those beautiful pictures he took during his travels in the 80s. We have to do something to make him feel better.

Please help me to recreate those images!

He can still remember some details and is able to describe the images. His sight is not the best anymore, so it **does not matter, whether the recreations are accurate or not.**

YOU NEED

players

fun starts at four, but the more the merrier :)

a camera

your phone or any other digital camera you can shoot and share images with

a video conferencing app

Discord or Slack might work best as you can upload images to chat and vote with emojis.

THE RULES

- 1** **Recreate** the described image with objects you find at home or wherever you are (no drawing, no editing).
 - 2** **Share** your photo with the other players in chat.
 - 3** **Vote** in chat by tagging the best image for every category. Every player has one vote and cannot vote for themselves.
